## OPENLY INVITES AUSTRIA TO DISCUSSION OF PEACE

President Wilson, In Remarkable Address to Joint Session of Congress Today Lays Down Basis For Such Negotiations. He Declares No Peace Is Possible on German Chancellor's Basis.

### SOME MORE "OPEN AIR DIPLOMACY"

Speech Embodies Not Only Open Bid to Austria, But Blow at German Militarists

#### FOUNDATION PRINCIPALS

President Outlines Five He Regards As Essential to Bring About Peace

(By United Press)

Washington, Feb. 11.—President Wilson today openly invited Austria to further discussion of peace with the United States.

In a remarkable address to congress in joint session the president laid down the basis for such negotiations.

"Austria," he said, "seeing and conceding the essential principals involved and the necessity of candidly applying them, can respond to the purpose of peace as expressed by the United States with less embarrassment than Germany."

No peace is possible, he declared, on the German chancellor's basis.

The address was another broadside in the president's world campaign of "open air diplomacy." It embodied an open bid to Austria and a powerful stroke at the German militarists. It aimed again to widen the wedge between the Teuton people and their rulers.

If the nations are to go further in their comparison of views the president declared today this foundation must be adhered to:

1. Every difficulty must be settled on its own merits

2. There shall be no bartering of nations as in the congress of Vienna.

3. The voice of the people must direct territorial settlement.

4. Full opportunity to carry out well defined national aspirations must be acknowledged.

On this foundation, the president declared, a general peace can be discussed.

Until such peace can be attained "we have no choice but to go on. Germany" the president said "is trying to arrange a peace following the method of the congress of Vienna. We cannot and will not return to that." He attacked Chancellor Hertling's recent war aim speeches as "vague and confusing."

On the other hand Count Czernin, the Austrian premier, he said "seems to see the element of peace with clear eyes, to obscure them." He expressed belief that Czernin would have gone farther in his reply to the president's war aims speech if it had not been "for the Austrian alliance with the dependence on Germany."

"These principles that we regard as fundamental are already accepted as imperative except among the spokesmen of the military and annexionist party in Germany," he continued. "If they have anywhere else been rejected, the rejectors have not been sufficiently numerous to make their voices audible. The tragical circumstance is that this one party in Germany is willing and able to send millions of men to their death to prevent what all the world wants.

"I would not be a truthful spokesman of the people of the United States if I did not say once more that we entered the war upon no false occasion and that we can never

DR. VAN DYKE A CHAPLAIN

Dr. Henry Van Dyke, former United States minister to the Netherlands and one of the most noted literary figures in the country, is now serving as chaplain at the Charlestown, Mass., navy yard. Dr. Van Dyke was appointed by Secretary Daniels and honored with the rank of lieutenant commander. He will visit all the naval stations in the East and hopes to be assigned to a fighting ship. The noted author plans to deliver a short series of sermons to the boys at the various stations.

turn back from a course chosen upon principle. Our resources are in part mobilized now and we shall not pause until they are mobilized in their entirety.

"Our armies are going to the fighting front and will go more and more rapidly. Our whole strength will be put into this war of emancipation against the cheat and attempted mastery of selfish groups of autocratic rulers.

"We are indomitable in our powers to independent action and can in no circumstances consent to live in a world governed by intrigue and force. We believe that our own desire for an international order under which reason and justice of mankind shall prevail is the desire of enlightened men everywhere."

### UNREST GROWS IN CENTRAL EMPIRE

Germany and Austria Must Have Peace or Go Under Because The People Demand It

#### END OF WAR MAY BE IN SIGHT

If Allies Stand Pat on Program to Make Stone Wall of Western Front, it is Possible

(By United Press.)

Zurich, Feb. 11.—An obvious unrest is growing daily through the central empire.

Germany and Austria must have peace or go under. The people of both countries demand it.

If the allies stand pat on the Wilsonian program and make a stone wall of the western front, the end of the war is in sight.

This sums up the situation as seen from here at this time.

It does not mean that Germany is on the brink of a revolution, but it does mean the people are tired of war and opposed to the pan-German policy of conquest.

They are angry over the privation at home and the losses of men at the front. At the same time they believe President Wilson is sincere in his statement of war aims. There is no doubt but that the Germans are beginning to see the light. Only the diplomatic blunders of the allies kept them bound to the war party this long.

Today the masses in Germany and Austria are in a mood to reason. From the most dependable sources it has been learned that the domestic conditions in both countries are appalling.

Austria is threatened with disruption. Long processions of women and children are common marching through the streets of the city demanding bread.

The recent strike broke out spontaneously because the people desire peace and are hungry.

Milk is impossible to procure even for the babies. It is the same with the butter and all fats.

But the masses are suffering horribly despite plenty of work and high wages. Even when they manage to fill their stomachs the food is so poor it fails to nourish.

A crime wave is sweeping the country. People are robbed in broad daylight on the streets and discontent is rife.

### WASHINGTON REPORTS MORE NEW MEMBERS

The names of twelve new members for Red Cross were brought into the headquarters on Saturday by the Washington township Red Cross workers. These names are in addition to the membership in that township which already has a record of 65 percent of its population in Red Cross. New members come in practically every day.

Concerning the war histories, the announcement was made today that they would be delivered to the places where the subscription blanks were left now and that subscribers could call for them there. The list is piling up and persons are urged to leave their order and twenty-five cents for the books in the near future.

### TO RAISE EGG PRODUCTION

Produce Co. Asked to Stop Buying Hens and Pullets Today

Walter Thomas, manager of the Adams Produce Co., today received instructions from the national food administration to stop buying hens and pullets today. No limit was placed on the time which this order will be in effect. The move is for the purpose of increasing the production of eggs both for food and for setting; likewise to make available more hens to raise more chickens.

### REJECTED MEN ARE NOT TO BE RECALLED

Instructions Received by Army Board Are So Interpreted—Opposite Expected Here

### ORDERS OF PROVOST MARSHAL

Instructions just received by the county army selection board from Provost Marshal Crowder at Washington are interpreted to mean that men who were rejected under the old regulations will not be recalled for another examination under the new regulations received last week.

"Physical examinations," says the first paragraph of the instructions, "under the old regulations need not be repeated under the new."

It was felt here that it would be unfair to reject men under one set of regulations and accept men with the same defects under the new and less stringent regulations, but these are the orders of the provost marshal and of course will be followed by the local board.

The instructions continue that boards should continue the examination of class one registrants under the old regulations until the new ones arrive. This was done by the local board, with the expectation that men rejected under the old regulations would be called for re-examination under the new regulations. For this reason the board has not acted on the cases of men rejected in examinations last week, but they will be reviewed and made public just as soon as the board gets time.

### BOLSHEVIKI ARE OUT OF THE WAR

Reported at Amsterdam Trotsky Ordered Complete Demobilization of Russian Forces

### TO PREVENT AN INVASION

(By United Press.)

Amsterdam, Feb. 11.—The Russian Bolshevik government has withdrawn from the war, ordering complete demobilization of the Russian forces on all fronts, it was reported here today.

Dispatches received from Brest-Litovsk declared that Leon Trotsky, Bolshevik foreign minister, while refusing to sign a peace pact, asserted that "the war with the central powers is ended."

This may indicate that Trotsky to save Russia from the threatened invasion in the face of what evidently amounted to an ultimatum from the central powers, ordered complete withdrawal of his country from the war.

### LIEUT. GARTIN CRITICAL

Lotis Gartin was called to Louisville, Ky., yesterday by the critical condition of his brother, Lieut. Walter Gartin. Mr. and Mrs. J. W. Gartin have been in Louisville for several days. The telegram summoning Lotis Gartin stated that Lieut. Gartin was in a critical condition. A telegram received later, however, stated that he was resting better.

### WAR CALLS FOR CHRISTIAN ARMY

Speakers at Union Meeting Sunday Night Show Need of Union of Congregations Now

### CHURCH CROWDED TO DOORS

Challenge Offered to Churches Calling For Highest in Them and In Individuals

"This war has offered a challenge to the American church of today. It has imposed great tasks upon us calling for the maximum of service. The function of the church now is to bring the nation face to face with its sin. The crowning sin is the sin of indifference to Jesus Christ. Another function of the church is to see that the righteous cause for which we entered this war is maintained. At the outset of the conflict, we proclaimed that we were entering without hatred or vengeance for the German people. Let the church see that these ideals are maintained and that no hatred for these people spring into our hearts while we are waging war against autocracy and cruelty."

The deep responsibility resting on the churches was sounded by the Rev. John T. Aikin of the United Presbyterian church at the union service last evening as he spoke the above and by the Rev. C. S. Black of the St. Paul's M. E. church who followed him with a telling address.

The church was crowded to the doors with people. Ministers congratulated their congregations for the interest that was manifested by the large attendance. A spirited song service, led by Homer Cole and the Christian Sunday school orchestra, preceded the addresses. A beautiful duet was rendered by Mrs. Carl Becker and Mrs. Derby Green.

"Never again must humanity for the desires of czars and kaisers be dragged into such a hellish conflict. Oh, the awful price it is paying," said the Rev. C. S. Black in his address, showing the part Christianity is playing and is to play in the world conflict. "This war is no longer a conflict between two gigantic forces. It is the conflict to see whether right makes might or might makes right. The brave men who are fighting would rather struggle than live under the shadow of greed."

"Although the sin of man produced the war," he continued, "the issues will be settled by God Almighty. The war is a demonstration of having a kingdom ruled without God. A world without God leaves war and a life without God leaves ruin. The menace of Germany is armed materialism, which is nothing more nor less than selfishness. The conflict is teaching us to set our own house in order."

"Statistics show that five percent of the boys in arms have connection with some church. Many are being brought into touch with religion for the first time. If our men can stand shoulder to shoulder with our splendid allies, why cannot the Presbyterians and Methodists and Disciples of Christ and Baptists stand shoulder to shoulder as an army for righteousness against his onslaught of wickedness," he continued.

"A nickel lunch for Red Cross," will be on sale at the Graham high school building at noon tomorrow for the students during the ten minute intermission. Two kinds of sandwiches and hot gingerbread will be sold for a nickel each. The entire proceeds from the sale will go toward Red Cross. Members of Psi Upsilon are furnishing the lunch.

Bern Walker, living on the Poston farm in Noble township, who has purchased a farm near Straughn, will move there soon. Paul Danbenpeck, who resides on the William Dagler farm in Noble township, will move to the Poston farm.

### BOND WORKERS OF THE DISTRICT MEET

G. H. Duncombe, Sales Director For State, Says Reserve Bank Will be of Service

### BANQUET HELD HERE TODAY

W. H. Wade, Vice-director, Explains State Organization's Part—Fifty Workers Present

Fifty Liberty loan workers, most of them bankers of the eighth district, composed of nine counties, were banqueted at the Windsor hotel at one o'clock today and mapped out plans for placing the district in the forefront in the Third Liberty loan campaign, as it has been in the two previous campaigns.

"We are holding the first of the district meetings in the eighth," said Will H. Wade of Indianapolis, vice-director of sales for Indiana, "because we knew from past experience that this district has the 'pep' and will put over its quota."

George H. Duncombe of Chicago, director of sales in Indiana, spoke briefly at the banquet, representing the seventh federal reserve district. Mrs. Jessie Croan of Anderson, who managed the women's campaign in Madison county during the other campaigns, showed the results which were accomplished by the women's committees.

"The Liberty loan can't be put over successfully," said Mrs. Croan, "without the aid of the women. In fact, men can not do anything in this world without women except play chess."

Mr. Wade held a conference with county chairmen after the banquet to work out details of the approaching campaign.

Mr. Wade outlined the plans which have been made for the campaign. He said he would not attempt to tell eighth district workers anything about organization because they had already proved themselves past masters in the art, but that he wanted to explain how the state organization would help.

Mr. Wade explained the arrangements for a more extensive publicity campaign than was attempted in the other two campaigns. He said state headquarters had two telephone trunk lines so that any publicity of peculiar interest to any community could be phoned there at once. The free telephone service will also be for the use of local publicity committees who have anything which will be of value to state headquarters.

Mr. Duncombe also denied any intention of telling eighth district workers how it is done. He said Mr. Wade had warned him that this district had the premier organization in the state and to attempt to give the organizers any ideas would be nothing short of folly.

Mr. Duncombe declared he had come to the meeting solely for the purpose of explaining the service which the federal reserve bank would be to the district. He said that the publicity work would be better organized this coming campaign because Wilbur Nesbit would be at the head of the work in the seventh federal reserve district.

Mr. Duncombe asserted that the one thing which would be the most difficult to combat was the idea which was growing in the minds of the people that the war would not last much longer and possibly would end this year. He said it would be the aim of the publicity committee to dislodge this idea if possible.

Earl H. Payne, chairman in this county, presided as toastmaster. Mayor A. B. Irvin, himself a banker, made a short address of welcome, expressing the belief that the war would not end soon.

Mrs. Elizabeth Claypool Earle of Connersville and Miss Mary Rankin of Greensburg made short talks

## SALVATION ARMY STARTS WAR FUND

Vigorous Campaign Opened Here to Raise County's Quota of \$500 For War Work in France

### ALREADY DONE NOBLE WORK

Statistics Show Accomplishments of Army Among Soldiers In Making a Home For Them

To raise Rush county's quota of \$500 for the Salvation Army war fund, a vigorous campaign has been started here by the Salvation army corps. The Salvation army all over the country has started the raising of this one million dollar fund to carry out plans for work with the American troops in France. This effort has already been highly commended by President Wilson and by Secretary of War Baker.

Captain Van Egmond will solicit the business district for subscriptions to the fund and later make a house-to-house canvass of the city. There will also be a subscription at the Peoples National bank, where contributions may be left.

The Salvation Army work in France has received the same recommendation as the Y. M. C. A. work and many of the Rush county boys have written in highest terms of the noble work this branch is doing. Their huts are established in places where the Y. M. C. A. cannot reach to make homes for the American boys. The work in no way conflicts with the work of the Y. M. General Pershing has given highest praise to the Salvationists and has recommended that they be given the same support at home as the other organizations.

The Salvation army has always borne the record of being able to make a dollar reach farther in relief and Christian work than any other organization and it is demonstrating its ability to do so in the work abroad. Rush county's quota in the drive is small compared to the work being accomplished and to the amounts asked in many other campaigns and many believe it should receive the hearty support of the citizens who have the welfare of American soldiers at heart.

The plans which require one million dollars to complete, includes the building of fifty additional huts to the American camps in France at a cost of \$500,000. The army has already built 153 of these depots in different camps of the allies and has put up 77 naval and military homes at a cost of \$400,000. The army has turned over 12 ambulances to the United States and its members are now running 35 ambulances in Russia and France. Though the Salvation service alone more than 50,000 casualties have been handled in the last year alone.

### Wise and Otherwise.

Never judge a man's good or bad qualities by what his neighbors say about him.

Once in a while there is a man so good natured that he is nice to his wife's relatives.

What goes up must come down—as many an airplane chauffeur is discovering.

A shrewd man may be both wise and honest, but the chances are that he is neither.

If common sense will not teach a young man etiquette a book on the subject is of little use.

### The Champion Wood Chopper.

A record in wood chopping is claimed by L. J. Haugen, fifty, who lives near Clinton, Ia. Up to the opening of the present lumbering season he chopped 6,207 cords. He is a Norwegian. During the summer he works for farmers about the county, but as soon as the first touches of winter are apparent, he shoulders his ax and starts for the timber lands. He figures his chopping career from the time he was twenty, since which he has averaged two cords a day during the chopping season.

### Something to Think About.

The flood waters which go to waste annually in the great central valley of the United States and often cause great destruction of property, if impounded and employed in the development of electric power, would render the use of mineral coal unnecessary within the borders of the country. This statement has been made repeatedly by competent engineers.

## HOGS ARE ACTIVE BUT 25 CENTS LOWER

Quotations Decrease in Indianapolis With Receipts 2,500 Greater Than Saturday

### GRAIN MARKET IS EASIER

The hog market was active in Indianapolis today with receipts 14,500, but prices were 25 cents lower. Receipts were 2,500 greater than Saturday.

The grain market was easier and corn prices the same. Oats was off one-half cent to a cent.

## LAYING HENS NEED FRESH AIR

The first three months of the year are the months that demand efficient poultry house ventilation if the stock is to be healthy and if egg production is to be kept at a maximum, according to the poultry authorities at the New York state college of agriculture.

Proof of insufficient ventilation usually is found in damp or frosted walls, damp litter, close or impure air, flock with consequent low winter egg production. The body of the hen constantly gives off moisture, and this accumulates unless there is enough movement of the air to carry it away.

Dampness fosters colds, and when a cold is contracted, the body is too weak to resist the attack of a contagious disease such as roup.

It is stated further that the house should at no time be tightly closed. The exercise of judgment, and a few trials, will show how much to leave the windows open at night. Windows should be removable so that they can be taken out during the day, if it is not storming. Experience indicates that the birds will not suffer from the cold if they are not in a draft, if they are kept working, and if they are not overfed.

Plenty of air, may best be had by tilting windows in at the top, as this will not let in the rain nor pull drafts directly on the floor. There should be a wide board at each edge of the window to keep the rain out; a strip of wood, sash-plug, or nail on this strip will hold the window at any desired angle. Both upper and lower sash, where there are two, should be arranged in this way to get the best circulation.

### Origin of the Ukulele.

There are 20,000 Portuguese in the Hawaiian Islands, and it is charged that these people, and not the natives, are responsible for the ukulele. It has long been a matter of common knowledge that the instrument was introduced into the islands by a Portuguese, but that is not really the question of greatest moment. So long as the ukulele was confined to Hawaii it was almost as harmless as a banjo, the guitar, or the mandolin. Nobody then had a word to say against it. The point that needs to be cleared up is: Where lies the responsibility for introducing it, not into Hawaii, but into the United States?—Christian Science Monitor.

### Things Worth Knowing.

A new typewriter attachment feeds a fresh sheet of paper into the machine as the written one is removed.

About 23,000,000 knives and forks and 11,000,000 spoons have been supplied to the allies in France since the commencement of the war.

A new tea wagon has an electrical connection for keeping edibles as hot as may be desired.

A new fire hose nozzle is capable of many adjustments by which the efficiency of the stream is greatly increased.

Nothing will do your planting as well as this Planter. See it demonstrated.

## Feels Fine In Mornings Now

**"Tanlac is All Right," Says Indianapolis Man And Tells Why**

"Tanlac is all right," said George Asche, 608 East Market street, Indianapolis. "I'll tell you why I think so."

"I used to feel so tired out when I woke up in the mornings that I hated to move. I had a soreness in my muscles, especially in my arms and shoulders.

"My stomach didn't act right, either. I couldn't eat anything greasy at all and my food often disagreed with me so much that it would rise in my throat after meals.

"I was told several times that I ought to try Tanlac and finally I did. It wasn't long until I could see that it was helping me. My stomach is back in good shape now and I can eat anything I want without a bit of trouble afterward. My arms and shoulders are a lot better, too. I wake up in the mornings now feeling rested, also, and altogether, my improvement is such that I want to say that Tanlac is all right."

Get Tanlac today if you are not feeling right and get your system back in shape. You'll get rid of that half-sick feeling in just a little while and feel lots better. You can get Tanlac at F. E. WOLCOTT'S Drug Store.—(Adv.)

I am wholesaling beef and if you have any butcher stuff to sell, call on me. Highest price paid for same. H. A. Kramer.

—Richard Sipe of Indianapolis joined his wife and daughter, Ruth, who have been visiting Mr. and Mrs. Austin Frazee, and spent Sunday there.

—Miss Pauline Felts of Connersville spent the week-end in this city, the guest of her parents, Mr. and Mrs. O. O. Felts of North Perkins street.

—Miss Mary Williams, a member of the high school faculty has returned from Washington, D. C., where she was the guest of her

brother Gus Williams, who is a member of the 30th regiment of engineers, is stationed at Fort Myers, Va.

—Hugh Green of Indianapolis spent the day here on business.

—Harry Ferger of Indianapolis spent Sunday in this city the guest of Denning Havens.

—Ray Bird and Edward Farrell of Shelbyville were the guests of friends in this city yesterday.

—Mrs. P. J. Flannery of Indianapolis is making a visit with her sister, Mrs. E. I. Wooden of this city.

—Miss Margaret Wysong of Connersville was the guest of Miss Aileen Green of this city yesterday.

—Mrs. M. E. Rector has returned to her home in Anderson after a visit with Mr. and Mrs. O. M. Harton of this city.

—Mr. and Mrs. James Owens have returned from a week's visit in Indianapolis where they were the guests of Mr. and Mrs. Miller E. Randell.

—Mrs. Thomas Maley has returned from a visit in Anderson and will spend a few days with relatives in Mays before returning to her home in Chicago.

—Miss Carla Doran has returned to Muncie where she is attending school after spending a week in this city the guest of her mother, Mrs. Bruce Johnson.

—W. D. Root of Piqua, O., spent Sunday in this city, the guest of Mr. and Mrs. L. B. Miller of North Perkins street. Mrs. Root has been visiting here for several days.

—Steven Kelly and J. W. Arnbuckle will go to Indianapolis tomorrow to attend the meeting of the National Brickmakers association which will be held at the Claypool hotel during the remainder of the week.

—Mrs. L. G. Craik of Moorhead, Kas., and Mrs. Margaret Mulligan of Ft. Wayne, who have been the guests of Mr. and Mrs. B. A. Black and family, left Saturday evening for a visit in Indianapolis before returning to their homes.

—Simeon Stewart of Purdue university at Lafayette spent the week-end with his parents, Mr. and Mrs. A. L. Stewart, of this city. He returned to Lafayette today and will take the examination for entrance into the aero squadron.

### A Lovely Life.

"Why do so many actresses prefer the movies to the speaking stage? It's the money, I s'pose."

"Not altogether. You know how an actress loves to be photographed."

"Yes."

"In the movies it's one continuous round of being photographed."

## FRENCH MAKING A TRENCH RAID IN THE SNOW

Copyright  
Underwood & Underwood

The snowfall in France has been unusually heavy and the soldiers in the trenches are experiencing, besides, the rigors of the weather, which in many cases are harder to bear. As this photo shows, the Pottus are not letting up on the Boches, despite the snow and the cold. They are making a raid on the enemy trenches over the snow-covered fields in the Oise district. The men in the foreground are evidently trench cleaners.

### Save Natural Ice For Use in Summer—Saves Ammonia as Well as Conserving Coal

(Prepared by the United States Department of Agriculture.)

All who can possibly do so are urged by the United States department of agriculture to harvest a supply of natural ice this winter and store it for summer use. This is of vital importance at this time, for every ton gathered will help in the war-time conservation of ammonia which is necessary in the manufacture of ice.

Ammonia salts are regarded as an essential in the manufacture of certain fertilizers and the cost of fertilizers is dependent to some extent on the market value of ammonia. Of extreme significance at this time, however, is the fact that the most important chemicals used in making ammonium nitrate and other explosives are readily made from ammonia and every quart of America's already small supply of this substance that can be saved means more power to America's armies.

Thus the farmer is interested in the conservation of ammonia not only from a national standpoint, but because of his personal interests. Ammonia saved through harvesting of natural ice means more ammonia for fertilizers and more ammonia for ammunition. The man who harvests ice now and stores it in pits or ice houses, next summer may have the satisfaction of helping out his neighbor who depends on an ice plant.

In addition to the saving of ammonia, conservation of coal is to be effected through the harvesting of natural ice. American ice factories and refrigerating plants, according to figures of the United States fuel administration, use annually 15,000,000 tons of coal.

### BUST OF ELIHU ROOT

This bust statue of Elihu Root, considered a remarkable likeness of the former senator from New York, has been presented to the Pan-American Union by a group of friends, headed by Charles H. Sherrill of New York. It is the work of C. S. Pieper.

### That Tough Feeling.

What makes you feel so tough? Well, there is no way of telling, nowadays. A dentist will say it's your teeth; a stomach specialist will say it's your digestion; a Christian Scientist will lay it to a defective mental attitude; an optometrist will find a cure in double lenses, and a nerve specialist will invalidate you for three months. Do you smoke?—Kansas City Star.

### IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—  
Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

I am wholesaling beef and if you have any butcher stuff to sell, call on me. Highest price paid for same. H. A. Kramer.

### Publicity in Camps

The senate military affairs committee investigation of the war department if it has done nothing else, has opened the eyes of some officials at Washington. It has brought them to realize that the folks back home, who are supplying the men and the money to conduct the war, are entitled to more consideration than they received.

When national guardsmen and selected men were mobilized, the small county seat newspapers were unable to get any news from the camps in which their subscribers were interested except when they could find a home town soldier who would send stories occasionally, either free gratis or for regular space rates.

A few newspapers had soldier correspondents, among them the Daily Republican, but an order from the war department threatened with dire punishment any man in uniform who dared write a story for his home town paper. This method of getting news was thereby cut off. But the following statement from the committee on public information, shows the change of heart:

"It is the plan of the committee to start as soon as possible a country-wide system of publicity at the national army and national guard camps with a special view of reaching the small newspapers which are financially unable to have special correspondents. The work, therefore, will have to be done by unpaid correspondents in uniform and the secretary of war has recently issued an order which makes the establishment of this system possible." Also the States Council of Defense has sent a bulletin to the County Council of Defense suggesting that the chairman get into communication with every group of men from this county now in the service, either in training camps or in France and if possible have each group select some man to act as correspondent for his home paper.

The state Council bulletin points out that this regular correspondent can inform himself as to the kind of information forbidden by the censor and by getting into frequent communication with the home paper can supply to the community the sort of interesting and reassuring news demanded by friends and relatives. This suggestion is made to the county councils because many editors of the county papers report that they have difficulty in getting the right kind of news letters from the front and just now these news letters are most important. It seems a practical plan, wherever a group of men from the same neighborhood are together in a camp, to select an official correspondent, preferably one who has the knack of writing and can be depended upon to get information from the boys and send it home.

The Indianapolis Star says, "When we get to heaven we shall understand the Russian situation and probably not until then." We don't believe any of that Russian mix-up originated up there.

## TO MAKE REPORT TONIGHT

## DETECTIVES ELECT

## OFFICERS FOR YEAR

Report of Secretary-Treasurer, Frank Sample Shows Balance of \$148.48 in Treasury

## FORTY IN GOOD STANDING

The annual meeting of the Rush county chapter of the National Horse Thief Detective association was held in the auditor's office at the court house on Saturday afternoon.

All of the officers were re-elected for the coming year with Will McMillin, president; J. T. Hayes, vice-president; Frank Sample, secretary; Jess Peters, treasurer. Three new captains were added to the list.

They were Ollie Offutt, Ray Gartin,

W. B. Whitton, in addition to the former ones, J. L. Hayes, C. O. Patterson, W. A. Alexander, Jesse Peters.

The report which was made by the secretary, Frank Sample, showed that the past year had been a very successful one for the organization. The records showed a balance in the treasury of \$148.48. There are forty members in good standing and three deaths have occurred in the association since its organization in February, 1913.

Many counties in the state have chapters of the association and through their co-operation a number of affairs are adjusted for the farmers of the county. Not only the

stealing of stock but all misdemeanors come under the jurisdiction of the organization, which has co-operated in treating law breakers.

Is Base For U. S. Aviators  
(By United Press)

Indianapolis, Ind., Feb. 11.—The Indianapolis Motor Speedway has been turned into a base for Uncle Sam's aviators. Work on the plant which will repair airplanes damaged east of the Mississippi river and north of the Ohio was practically completed. The aviation plant covers twenty acres formerly connected with the speedway. It was rushed to completion by the contractors to take care of machines damaged at training stations. Work was not started until late in November and today it was announced the structure was practically ready for occupancy.

## MASONIC STATED MEETING

The regular stated meeting of Phoenix Lodge No. 62, F. & A. M. will be held Tuesday evening at 7:30 o'clock and the third of the series of lectures will be given. Judge Will M. Sparks will speak on the subject "Washington—President and Mason." Visiting Masons are welcome.

**A FIGHT FOR LIFE**  
It has been fight or die for many of us in the past and the lucky people are those who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "An-uric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Doctor Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of Anuric.

**BUTLER, IND.**—I was troubled with weak kidneys. I bought one package of Dr. Pierce's Anuric Tablets and gladly recommend them, as they have completely cured me.—Mrs. MARY L. ELLIS, Ash St.,

**ELKHART, IND.**—As a kidney medicine I find Anuric to be the finest I have ever known. I am 84 years old and for years have suffered with backache, and my bladder caused me to have many a restless night. I have also suffered with rheumatism in my limbs. I have taken other kidney remedies but must say that Anuric is the best one of them all. My back has ceased to ache, the rheumatism has disappeared, and I am able to rest at night.—MRS. INDIANA HUNT, 727 W. Franklin St.

Ask the druggist for Anuric (60c) or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial package.

## GREATEST SHIPYARD IN THE WORLD RISES FROM THE MARSHLAND

The greatest shipyard in the world is in the course of construction at Hog Island, near Philadelphia, a 1,000-acre tract of marsh and brush. The great yard, which is under the supervision of the United States shipping board, will soon be turning out three completed ships a week for Uncle Sam's emergency fleet. Fifty shipways are in the course of construction. They will cover a mile of the Delaware river front. Barracks have been built to house the 30,000 men who will be employed when the plant is in full operation. There are also mess halls, Y. M. C. A. huts, a theater and a post office.

## SPECIAL DRIVE FOR SHIP EXPERTS

Is Being Made This Week For Enlistment in the Public Service Reserve Work

### WAGES ARE ESPECIALLY GOOD

No Laborer is Paid Less Than Forty-Five Cents While Some Receive as High as \$10 a Day

In co-operation with the request of the public service reserve A. L. Stewart, county enrolling agent, is expending every energy to make the special drive for ship builders, which is being made through the country this week, a success in Rush county.

Owing to the lack of properly handled labor supplies, shipbuilding is being held up and until this deficiency is remedied, the government will not be able either to ship the entire number of needed troops across the sea or to assist in overcoming the submarine menace.

No laborer is paid less than forty-five cents an hour in the government employ and the wages of the more experienced workmen range from six to ten dollars a day. Workmen experienced in the following lines are asked to register with the county enrolling agent this week:

Acetylene welder, automobile mechanic, blacksmith, bolter-up, counter, (for piece work), crane operator, draftsman, marine; driller, draftsman, mechanical; electrical wireman, engineer, fireman, flange armer, furnace man, general mechanic, helper, joiner, laborer, machinist, machine tool hand, machine tool operator, machinist (outside), molder, painter, pattern maker, pipe bender, plumber, pipe-machine hand, pipe cutters, punchers, quartermen, carpenter, storekeeper, tool grinder, tool maker, upholsterer, weigner, wood carver and wood reamer.

## EVERY STREET IN RUSHVILLE

Has Its Share of the Proof That Kidney Sufferers Seek

Backache? Kidneys weak?  
Distressed with urinary ills?  
Want a reliable remedy?

Don't have to look far. Use what Rushville people recommend. Every street in Rushville has its cases.

Here's one Rushville man's experience.

Let M. Conner, cigar mfr., 1001 N. Harrison St., tell it. He says: "I had backaches and pains through my kidneys. My kidneys acted irregularly. Doan's Kidney Pills stopped the pain in my back and regulated my kidneys."

### NO TROUBLE SINCE

More than three years later. Mr. Conner said: "I haven't had to use Doan's Kidney Pills since giving my former endorsement, telling what they did for me. I believe the cure is permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conner had. Foster-Misburn Co., Mfgs., Buffalo, N. Y.—(Adv.)

## PLENTY OF COAL WITH NO TAKERS

City Has Plenty of Fuel as What Probably Will be Last Heatless Monday is Observed

### COLDER WEATHER TOMORROW

While the county today observed what probably will be its last heatless Monday, Rushville had coal with no takers. Business will resume its normal course tomorrow, with the exception of all places of amusement which are closed on Tuesday by national fuel orders.

Reed and son today received the third car load of coal which they expected last week along with two other cars from the same place. Coal moved slowly, indicating that practically all domestic wants were supplied.

High temperatures again prevailed today, but colder weather is predicted for tomorrow. The local fuel orders restricting business hours became effective today for places of amusement and food handling establishments and tomorrow other mercantile establishments will again follow its usual hours.

## BERT FISHER DIES AT CHARLESTON, W. VA.

Relatives of Former Resident of Richland Township Did Not Know He Was Ill

### DEATH PROBABLY SUDDEN

Bert Fisher, formerly of Richland township, died at Charleston, W. Va. yesterday afternoon at 3 o'clock, according to the telegram received here by his sisters, the Misses Mary and Lulu Fisher, although the cause of his death or duration of his illness is not known. It was not known even that he was ill so it is thought that the death must have been sudden.

Mr. Fisher was 49 years of age and until 15 years ago had made his home in Richland township. Since going to West Virginia, he has been engaged with the Central Engineering Company. He was a member of the Richland Christian church. His survivors are three sisters, the Misses Mary and Lulu Fisher of this city and Mrs. Martha Debruler of Indianapolis, and three brothers, Marcus Fisher of Eaton, William Fisher of Richland township and Ira Fisher of this city. His wife, Rose Fisher and daughter, Ione, also survive.

The exact time when the remains will arrive is not known. They were to leave Charleston at noon today and may arrive here tonight at midnight. The time for the funeral can not be set but will probably be held some time Tuesday and will be conducted by the Rev. J. T. Aikin. The funeral will be at the home of the Misses Fisher at 219 West Ninth street.

## SOMEbody WILL TELL IF YOU FAIL TO PAY

Congress Has Fixed it so That Name of Slackers in Income Tax Will be Made Known

### FORMS FILLED OUT BY MARCH 1

Somebody is going to tell on you if you don't pay your income tax. Congress has fixed it so that somebody must tell whether he wants to or not.

One section of the income tax, which takes in every phase of a man's earnings, requires every person, without exception, and every corporation, partnership, association and insurance company in whatever capacity acting who paid \$800 or more to another person, corporation, partnership, association or insurance company, as interest, rent, salaries, wages, premiums, annuities, compensation, remuneration, emoluments or other fixed or determinable gains, profits and income, to report the name and address of the person, corporation, etc., to whom the payment was made, to the commissioner of Internal Revenue at Washington, using a form prescribed for the purpose—form 1099, now to be procured from Harry P. Euler, income tax inspector at the local postoffice. He has a supply of the blanks on hand and is urging persons who need them to procure them from him there. The forms must be filled out and returned on or before March 1, 1918, accompanied by form 1096, which is a letter of transmittal and affidavit certifying the accuracy of form 1099.

### LINCOLN SERVICE HELD

"The Negro and the Flag," was the subject of the sermon delivered last night by the Rev. F. M. Westhafer at the Methodist church in Arlington when the annual Lincoln service was held. Following the sermon there were a number of readings in keeping with the occasion given by members of the congregation after which the service was closed by the audience singing, "The Star Spangled Banner."

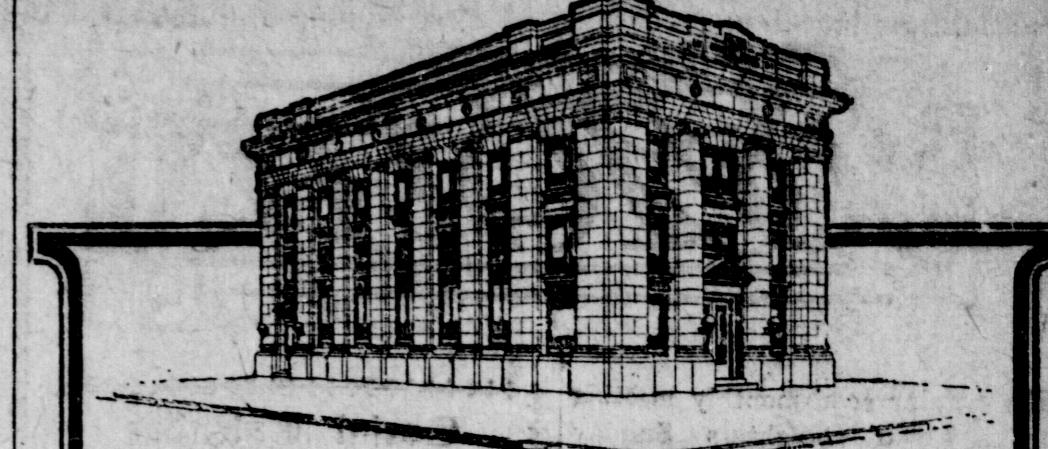

## THEY GAVE THIS RUN-DOWN MAN VINOL

And He Got Back His Strength and Energy

**Sheboygan, Wis.**—"I was all 'fagged out,' run down, no appetite, nervous, sleepless nights and drowsy during the day, and was not fit to work. A friend told me to take Vinol. I did so, and can now eat three square meals a day. I sleep well, am alert, active, strong and well and have gained eleven pounds."—A. W. Higby, Sheboygan, Wis.

This is because Vinol contains the elements needed to create a healthy appetite and restore strength. The complete formula is printed on every package. This is your protection.

### JO

# Society

The regular semi-monthly meeting of the Loyal Daughters Sunday school class of the Main street Christian church will be held tomorrow evening with Mrs. Leatha Lovinger at her home in East Eighth street. Red Cross work will be the feature of the evening's entertainment and the members of the society who will attend the meeting are asked to bring their sewing material. The assistant hostesses will be Miss Prudence Pope, Miss Cornelia Schieber and Miss Florence Smiley. \* \* \*

There will be a meeting of the Red Cross workers of the Pleasant Ridge neighborhood Wednesday afternoon at the home of Mrs. W. A. Mull. The committee in charge of the affair has succeeded in securing several machines for the meeting in order to accommodate as many workers as wish to attend the meeting. The women of the vicinity are urged to attend the meeting whether they are Red Cross members or not. \* \* \*

The regular meeting of the Young Ladies Mission Circle of the Christian church will be held this evening at the home of Mrs. Charles Boys at

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

### Anna Boles Passes Her 97th Birthday

Anderson Township Woman, Probably Oldest Person in Rush County, Who Celebrates Birthday Today, Came to Rushville Ninety Years Ago When There Was Not a Frame House in Rushville.

Mrs. Anna Boles, of Anderson township probably the oldest person in Rush county, celebrated her ninety-seventh birthday today at her home today by receiving her friends informally during the day.

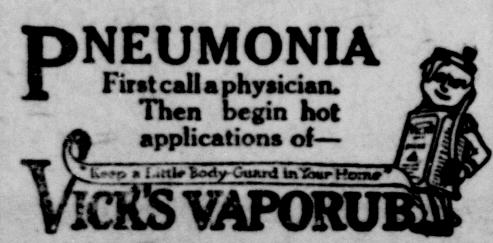

Mrs. Boles came to this county with her father, Capt. John Boyd from New York 90 years ago, and at that time there was not a frame house in Rushville. In 1830 she married Robert Boles of Anderson township and since that time had made her home near Milroy.

Mrs. Boles comes from a family noted for their longevity and is at present in excellent health aside from the fact that she has not been able to walk much since she received an injury when she fell a year ago. Her father lived to be hundred and one years old and her sister, Mrs. Elina Parsons, who died two years ago was almost ninety years old.

The old lady is an ardent Red Cross worker and spends much of her time doing Red Cross knitting which is the envy of most of the younger women of the community.

We will inspect your battery free of charge; we will repair it at a reasonable cost; if you need a new battery, we will sell you the best—an "Exide."

"There's an 'Exide' Battery for every car."

### Don't Forget The Sailors When Knitting

Recruiting Officer While Here Tells Which of the Knitted Articles The Soldiers and Sailors Like Best and Need Most—"It Is Fine to Knit for the Soldiers But Please Don't Forget the Sailors"

"Knit for the sailors, too," is the suggestion of M. B. Goldfarb, chief Gunner's Mate of the United States Navy, who was recently here as a recruiting officer. "It is mighty cold out on the water and will be still colder when the boys reach that North Sea."

In answer to the question what do they need most, he said "Everything. They like the helmets, in fact they almost have to have them. The wristlets are mighty good too. Some of them are supplied with sweaters but I don't know whether there are enough to go around or not. These kneelets are new things to me and I have never been with the boys since they started wearing them but I know they are fine."

Kneelets are the latest invention in the knitting line. They are about twelve inches long, with several inches of ribbing above and below the knee and ribbing that goes around the leg at the knee so it will fit in under the trousers. Sailors say they are a great protection and reach from the short overcoats to the leggings.

In answer to the question, "But who shall the girls knit for?" They all know soldiers but many of them do not know sailors," Gunner Goldfarb said "I'll make out a list of a hundred or more and put myself down the first one. I am expected to be called any day and could stand flatfooted in the bottom of my trunk now for all of the knitted things that I have put in it. I don't know what the boys would do to me for publishing a list of names, for the last time I did that, the first boy on the list married the girl who sent him a sweater, so you can't tell what you are getting into. Sure, it is fine to knit for the soldiers, but don't forget the sailors."

Presbyterian church will hold a business meeting and valentine party at the home of Misses Ethel and Irene Ellingwood tomorrow evening. All the members of the society are urged to attend. \* \* \*

Mr. and Mrs. Fred Bell entertained at their home near Raleigh yesterday with an informal dinner party at which the guests included Mr. and Mrs. Fred Lightfoot and children, Miss Gladys Barr and Miss Hazel Johns. \* \* \*

At the regular meeting of the Ladies Aid society of the St. Paul's M. E. church to be held tomorrow afternoon at the home of Mrs. Will Smith in North Main street Lincoln Day will be observed with a special program. \* \* \*

The regular semi-monthly meeting of the Pastors Aid society of the Main Street Christian church will be held tomorrow afternoon in the parlors of the church. The officers of the society desire good attendance. \* \* \*

Mr. and Mrs. Guy Wiley entertained Sunday with a prettily appointed dinner party in honor of Mr. and Mrs. Rex Wiley who were married during the past week. Guests were laid for twelve guests. \* \* \*

Miss Norma Nordmeyer of Milroy entertained at her home with a week-end house party in honor of her guests, Mrs. Edith McClung of Indianapolis and Miss Bessie Innis of Franklin college. \* \* \*

Miss Frances Fraze will attend the meeting of the Woman's Press Club of Indiana in Indianapolis tomorrow. After the Lincoln luncheon, the annual election of officers will be held. \* \* \*

The Modern Woodmen will meet tomorrow night instead of the regular meeting night. Every member is urged to attend. \* \* \*

The Tanah tribe No. 102 I. O. R. M. will meet Tuesday evening

Dr. Carl Beher is suffering with an attack of la grippe.

Downey, Arlington; Alva Bibby, Falmouth; Guy McBride and Bert Benner of Mays.

### WILL PLAY TECHNICAL H. S.

Rushville Five Will Meet Indianapolis Team Here Tuesday

The local high school basketball squad will clash with the members of the Technical high school team in the local gym tomorrow evening. Following their brilliant success of Friday evening when they defeated Richmond, the local boys are in excellent condition for the conflict which promises to be a fast game.

The mid-week prayer meeting of the First Presbyterian church will be held Thursday evening at 7:30 at the home of Mr. and Mrs. William E. Wallace in North Perkins street.

Word has been received from Lt. Leonce Smith, formerly of this city, who has been stationed at Kelly field, San Antonio, Tex., in the aviation department that he has successfully passed the examination to become an instructor in aviation in the army. Lieut. Smith made a visit of a few hours here several weeks ago.

Russell Ball, stationed at Kelly Field at San Antonio, Tex., who has been quite ill with pneumonia is improving. He is a nephew of Mrs. Sarah E. Ball of this city.

**NOTICE TO NON-RESIDENTS**

THE STATE OF INDIANA, RUSH COUNTY:

In the Rush Circuit Court, February Term, 1918.

Laura Ivins Ripley et al. vs. David Ivins et al.

Complaint No. 1231.

Now comes the plaintiffs, by Douglas Morris, their attorney, and files their amended complaint herein, together with an affidavit of Douglas Morris, that said defendants, namely Kirk Frazier, Cora May Julian, Nannie Bell Frazier, Edward Ivins, William H. Ivins, Unknown Neighbors of John Ivins, deceased, Unknown Neighbors of John Ivins, deceased, and Unknown Neighbors of John Ivins, deceased, are not residents of the State of Indiana that said action is to establish the last will of John Ivins, deceased, and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendants, last named that unless they be and appear on the 29th day of March, 1918, at the Court House in Rushville in said County and State, and answer to said complaint, the same will be heard and determined in their absence.

Witness my name and the seal of said court, affixed at Rushville this 4th day of February, A. D. 1918.

GEO. B. MOORE, Clerk.  
Feb 4-11-18-25

**Notice of Final Settlement of Estate**

Notice is hereby given to the creditors, heirs and legatees of Ira W. Ayres, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 27th day of February, 1918, and show cause, if any why FINAL SETTLEMENT ACCOUNTS with the estate of said deceased should not be approved and said heirs are notified to then and there make proof of heirship, and receive their distributive share. Witness the Clerk of said Court, this 2d day of February, 1918.

GEO. B. MOORE, JR.,  
Clerk Rush Circuit Court.

Don't overlook to pay your telephone toll before Feb. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY.

Secretary.

**NO PRO-GERMAN BOOKS ARE FOUND**

State Council of Defense Starts Move to Rid Libraries of Insidious Propaganda

**NONE IN LOCAL LIBRARY**

Following Suggestion of Library Council Even More Patriotic Volumes Will be Obtained

The Rushville library will have no pro-German books and it will have more patriotic literature. A list of pro-German books has been posted in the library which was received by Chairman of the County Council of Defense, T. M. Green which should be removed from public libraries. The local library does not or has not had any of the books on the list.

The War Library Council has also sent a list of patriotic books suggesting that they be purchased. The library already has in circulation many of the best and most popular war books but will add to its shelves several of those suggested by the Library Council.

The pro-German books which have been found in many of the libraries of the state, although none were in the local one, have been slated as objectionable literature because some of them have been published with the purpose of misleading the American reading public. The State Council requests that a search be made in all of the libraries for the publications and that, if found, they be removed.

The list of objectionable books and pamphlets follows:

"The Book of Truth and Facts," by Fritz Von Frantius.

"England or Germany," by Frank Harris.

"Neutrality," by S. Ivor Stevens.

"The War in America," by Hugo Munsterburg.

"The Issue," by J. W. Headland.

"The History of Twelve Days," by J. W. Headland.

"The German Spirit," by Kuno Tranck.

**Pamphlets**

"Militarism and the Emperor," issued by the Germanic Society of Chicago.

"By Their Works Ye Shall Know Them," from the same source.

"The Destruction of Louvain," by Edward Emerson.

"Morocco and Armageddon."

"Nationalism in Europe," by Dr. Franz Boas.

"The Following—A United Nation" a speech by Charles Nagle.

"Justice in War Times," by W. W. Hyde.

"The Northern Review," always contains the usual misinformation.

"Germans as Exponents of Culture," by Fritz Von Frantius.

"A Slanderer," by Dr. Theodore Schieman.

**AIDS WITH CONTRIBUTION**

Mildred Lock Sends \$11 For Girls War Relief Organization

The treasury of the high school girls war organization received a sudden spurt recently with a contribution from Miss Mildred Lock, a former student of the high school, for eleven dollars to aid in the worthy work of her former school mates. With her check was one of

### SHOWS NEED OF AN EDUCATION

Conference of Indiana Educational Forces Reveals This, Supt. J. H. Scholl Says

#### LOCAL HIGH SCHOOL PRAISED

Ranks Among First in State For Its Size Because of Marvelous Red Triangle Work

As the result of the war conference of Indiana's educational forces which closed in Indianapolis Saturday evening, Prof. J. H. Scholl and other local school authorities who attended the sessions are urging the students in the local high school to continue their studies in preparation for the demand which will be made on them after the war when men and women with good educations will be in demand to carry on the business affairs of the nation.

The local Y. M. C. A. Triangle boys were praised highly at the meeting for the ready co-operation with which they met the nations request for war fund pledges. The Rushville high school ranks among the first in the state, in considera-

#### Mothers Thank Us

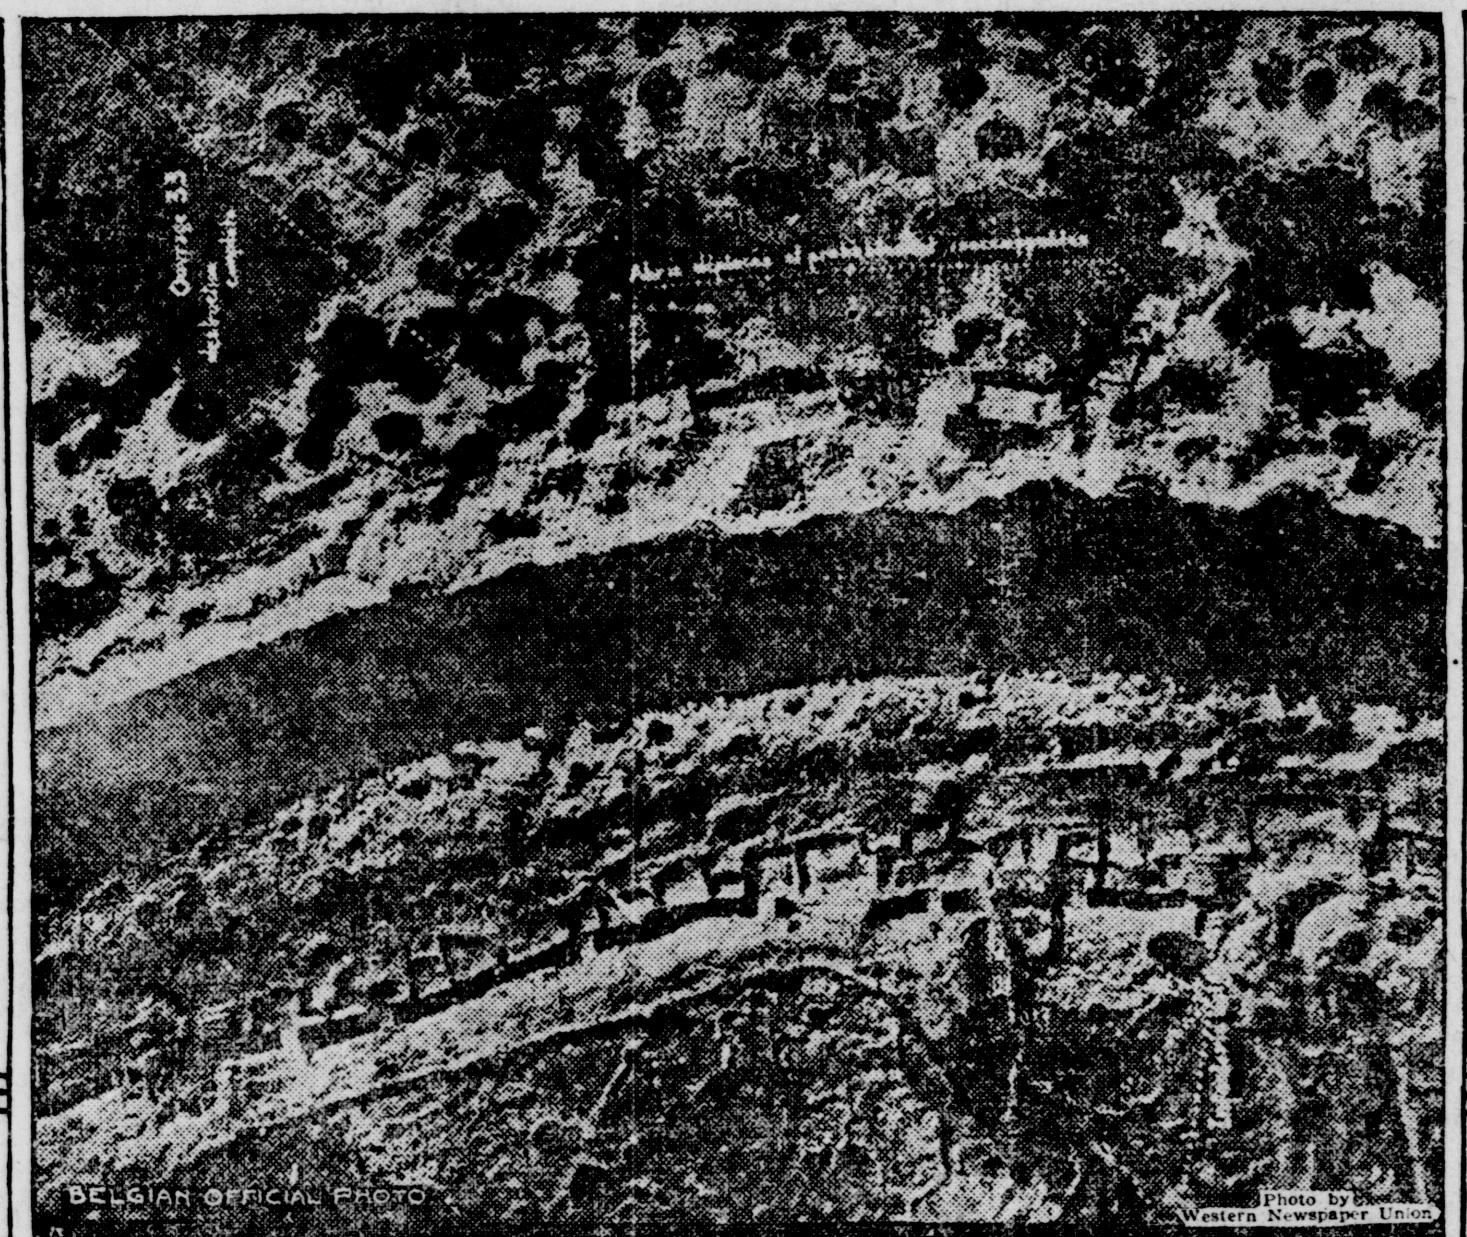

Keep your growing girls free from colds and weakening coughs and you are helping them to healthy vigorous womanhood. Thousands of mothers have written letters of thanks, telling what

**Foley's Honey and Tar** has done for their daughters in ridding them of coughs that "hung on" and weakened them just at the age when the young girls required all the physical strength they could command.

Foley's Honey and Tar is noted for its quick effect on coughs, colds and croup. Mrs. Ada Sanders, Cottontown, Tenn., writes:—"We use Foley's Honey and Tar as our best and only cough remedy. It never fails to cure our two girls when they have colds."

F. B. Johnson.

#### AERIAL VIEW OF DESTROYED GERMAN COMMUNICATION TRENCHES

tion of its size, with membership in the triangle work and the amount of pledge money already received.

Dr. Charles Prosser, head of the federal board of state education, was the main speaker on Saturday's program and stated that Purdue had joined the ranks of several other universities in the country in opening its doors to the drafted men who are to take up special work in various industrial branches. A class of 1,340 men will enter the university the first of March to take up special work.

The school authorities were urged to keep the students interested in the Boys Working Reserve and to organize an employment bureau from where the high school students

may secure employment during the summer months. The boys are especially urged to work on farms and to assist in every manner to increase the size of every crop.

#### TUBERCULOSIS OF THE SPINE FATAL TO BOY

Herman Kessler, Six-Year-Old Son of Herman Kessler of Manilla, Dies Sunday

#### FATHER AND BROTHER LEFT

Herman Kessler, the six-year-old son of John Kessler of Manilla, died yesterday at the home of his father in Manilla after a short illness from tuberculosis of the spine. He had been in a critical condition for several days before his death. The little boy would have been six years old within five days from the time of his death. He was a nephew of Clara Bebout of this city, his mother, Mrs. John Kessler who died about a year ago, being Mr. Bebout's sister. His father and brother, Harold, survive.

The funeral services will be conducted at the residence in Manilla on Wednesday morning at 10 o'clock by the Rev. J. M. Westhafer of Arlington. Burial will be conducted at the East Hill cemetery in this city.

#### 378 AT SAMMY SERVICE

Three hundred and seventy eight attended the Sammy service of the Epworth League at the Methodist church last evening when an honor roll bearing the names of 24 boys was presented by Judge Will M. Sparks in an inspiring patriotic address from the League to the church. E. B. Thomas accepted the roll for the church and made a deeply touching talk.

#### ODD FELLOWS NOTICE

Franklin Lodge will have the second degree Wednesday evening, when visitors from Arlington and Connersville will be present. Music will be furnished by the orchestra. Every member is urged to be in attendance.

#### HOOSIERS SUPPORT HAYS FOR CHAIRMAN

At National Republican Meeting When Successor to Chairman Wilcox Will be Chosen

#### N. Y. GOV. PROMISES SUPPORT

Indianapolis, Ind., Feb. 11—Leading republicans of Indiana were today on their way to St. Louis to attend the meeting of the party's national committee called to elect successor to Chairman Wilcox.

The Hoosier politicians were supporting Will Hays, Indiana, chairman and chairman of the state council of defense, for the job. Hays has not made any efforts to go out after the chairmanship and has announced that he would not be a candidate, but if chosen, he will accept.

Hays, it is believed, feels that he would rather take his chances in Indiana at the next election, as it is practically certain now that he would be the republican nominee for governor if he is not national chairman. However, if the party wants his services as national chairman, he will give it his best efforts.

Among those who have announced their support of Hays, is Gov. Whitman of New York.

As a result of Hays' work, republicans of the nation regard Indiana as having the best organization in the country. His supporters are confident that he would be able to do the same thing for the national party.

### A Purposeful Formula

Senreco's formula is not "just a little of this and a little of that."

It was devised with a definite object in view.

The object was to produce a tooth paste possessing medicinal as well as cleansing properties—a real cleanser that could be depended upon to remove tartar and keep mouth and gums healthy.

The ideal defined, our laboratories set about to determine the proper combination to produce it. Senreco is the result. It has been tried, tested and pronounced good by hundreds of the profession. Try a tube. A single tube will prove every claim. Will show why thousands today use and demand Senreco—and are satisfied with nothing less. All druggists and toilet counters. Large 2 oz. tube—25¢.

SENRECO—Cincinnati

# OPENLY INVITES AUSTRIA TO DISCUSSION OF PEACE

**President Wilson, In Remarkable Address to Joint Session of Congress Today Lays Down Basis For Such Negotiations. He Declares No Peace Is Possible on German Chancellor's Basis.**

## SOME MORE "OPEN AIR DIPLOMACY"

Speech Embodies Not Only Open Bid to Austria, But Blow at German Militarists

### FOUNDATION PRINCIPALS

**President Outlines Five He Regards As Essential to Bring About Peace**

(By United Press)

Washington, Feb. 11.—President Wilson today openly invited Austria to further discussion of peace with the United States.

In a remarkable address to congress in joint session the president laid down the basis for such negotiations.

"Austria," he said, "seeing and conceding the essential principals involved and the necessity of candidly applying them, can respond to the purpose of peace as expressed by the United States with less embarrassment than Germany."

No peace is possible, he declared, on the German chancellor's basis.

The address was another broadside in the president's world campaign of "open air diplomacy." It embodied an open bid to Austria and a powerful stroke at the German militarists. It aimed again to widen the wedge between the Teuton people and their rulers.

If the nations are to go further in their comparison of views the president declared today this foundation must be adhered to:

1. Every difficulty must be settled on its own merits

2. There shall be no bartering of nations as in the congress of Vienna.

3. The voice of the people must direct territorial settlement.

4. Full opportunity to carry out well defined national aspirations must be acknowledged.

On this foundation, the president declared, a general peace can be discussed.

Until such peace can be attained "we have no choice but to go on. Germany" the president said "is trying to arrange a peace following the method of the congress of Vienna. We cannot and will not return to that." He attacked Chancellor Hertling's recent war aim speeches as "vague and confusing."

On the other hand Count Czernin, the Austrian premier, he said "seems to see the element of peace with clear eyes, to obscure them." He expressed belief that Czernin would have gone farther in his reply to the president's war aims speech if it had not been "for the Austrian alliance with the dependence on Germany."

"These principles that we regard as fundamental are already accepted as imperative except among the spokesmen of the military and an-nexionist party in Germany," he continued. "If they have anywhere else been rejected, the rejectors have not been sufficiently numerous to make their voices audible. The tragical circumstance is that this one party in Germany is willing and able to send millions of men to their death to prevent what all the world wants."

"I would not be a truthful spokesman of the people of the United States if I did not say once more that we entered the war upon no false occasion and that we can never

DR. VAN DYKE A CHAPLAIN

Dr. Henry Van Dyke, former United States minister to the Netherlands and one of the most noted literary figures in the country, is now serving as chaplain at the Charlestown, Mass., navy yard. Dr. Van Dyke was appointed by Secretary Daniels and honored with the rank of Lieutenant commander. He will visit all the naval stations in the East and hopes to be assigned to a fighting ship. The noted author plans to deliver a short series of sermons to the boys at the various stations.

turn back from a course chosen upon principle. Our resources are in part mobilized now and we shall not pause until they are mobilized in their entirety.

"Our armies are going to the fighting front and will go more and more rapidly. Our whole strength will be put into this war of emancipation against the cheat and attempted mastery of selfish groups of autocratic rulers."

"We are indomitable in our powers to independent action and can in no circumstances consent to live in a world governed by intrigue and force. ## UNREST GROWS IN CENTRAL EMPIRE

**Germany and Austria Must Have Peace or Go Under Because The People Demand It**

### END OF WAR MAY BE IN SIGHT

**If Allies Stand Pat on Program to Make Stone Wall of Western Front, it is Possible**

(By United Press)

Zurich, Feb. 11.—An obvious unrest is growing daily through the central empire.

Germany and Austria must have peace or go under. The people of both countries demand it.

If the allies stand pat on the Wilsonian program and make a stone wall of the western front, the end of the war is in sight.

This sums up the situation as seen from here at this time.

It does not mean that Germany is on the brink of a revolution, but it does mean the people are tired of war and opposed to the pan-German policy of conquest.

They are angry over the privation at home and the losses of men at the front. At the same time they believe President Wilson is sincere in his statement of war aims. There is no doubt but that the Germans are beginning to see the light. Only the diplomatic blunders of the allies kept them bound to the war party this long.

Today the masses in Germany and Austria are in a mood to reason. From the most dependable sources it has been learned that the domestic conditions in both countries are appalling.

Austria is threatened with disruption. Long processions of women and children are common marching through the streets of the city demanding bread.

The recent strike broke out spontaneously because the people desire peace and are hungry.

Milk is impossible to procure even for the babies. It is the same with the butter and all fats.

But the masses are suffering horribly despite plenty of work and high wages. Even when they manage to fill their stomachs the food is so poor it fails to nourish.

A crime wave is sweeping the country. People are robbed in broad daylight on the streets and discontent is rife.

## WASHINGTON REPORTS MORE NEW MEMBERS

The names of twelve new members for Red Cross were brought into the headquarters on Saturday by the Washington township Red Cross workers. These names are in addition to the membership in that township which already has a record of 65 percent of its population in Red Cross. New members come in practically every day.

Concerning the war histories, the announcement was made today that they would be delivered to the plates were the subscription blanks were left now and that subscribers could call for them there. The list is piling up and persons are urged to leave their order and twenty-five cents for the books in the near future.

Bert Miller of Posey township is seriously ill suffering with a nervous breakdown.

### TO RAISE EGG PRODUCTION

**Produce Co. Asked to Stop Buying Hens and Pullets Today**

Walter Thomas, manager of the Adams Produce Co., today received instructions from the national food administration to stop buying hens and pullets today. No limit was placed on the time which this order will be in effect. The move is for the purpose of increasing the production of eggs both for food and for setting, likewise to make available more hens to raise more chickens.

### REJECTED MEN ARE NOT TO BE RECALLED

**Instructions Received by Army Board Are So Interpreted—Opposite Expected Here**

### ORDERS OF PROVOST MARSHAL

Instructions just received by the county army selection board from Provost Marshal Crowder at Washington are interpreted to mean that men who were rejected under the old regulations will not be recalled for another examination under the new regulations received last week.

"Physical examinations," says the first paragraph of the instructions, "under the old regulations need not be repeated under the new."

It was felt here that it would be unfair to reject men under one set of regulations and accept men with the same defects under the new and less stringent regulations, but these are the orders of the provost marshal and of course will be followed by the local board.

The instructions continue that boards should continue the examination of class one registrants under the old regulations until the new ones arrive. This was done by the local board, with the expectation that men rejected under the old regulations would be called for re-examination under the new regulations. For this reason the board has not acted on the cases of men rejected in examinations last week, but they will be reviewed and made public just as soon as the board gets time.

Today the masses in Germany and Austria are in a mood to reason. From the most dependable sources it has been learned that the domestic conditions in both countries are appalling.

Austria is threatened with disruption. Long processions of women and children are common marching through the streets of the city demanding bread.

The recent strike broke out spontaneously because the people desire peace and are hungry.

Milk is impossible to procure even for the babies. It is the same with the butter and all fats.

But the masses are suffering horribly despite plenty of work and high wages. Even when they manage to fill their stomachs the food is so poor it fails to nourish.

A crime wave is sweeping the country. People are robbed in broad daylight on the streets and discontent is rife.

### Reported at Amsterdam Trotsky Ordered Complete Demobilization of Russian Forces

(By United Press)

Amsterdam, Feb. 11.—The Russian Bolshevik government has withdrawn from the war, ordering complete demobilization of the Russian forces on all fronts, it was reported here today.

Dispatches received from Brest-Litovsk declared that Leon Trotsky, Bolshevik foreign minister, while refusing to sign a peace pact, asserted that "the war with the central powers is ended."

This may indicate that Trotsky to save Russia from the threatened invasion in the face of what evidently amounted to an ultimatum from the central powers, ordered complete withdrawal of his country from the war.

### LIEUT. GARTIN CRITICAL

Lotis Gartin was called to Louisville, Ky., yesterday by the critical condition of his brother, Lieut. Walter Gartin. Mr. and Mrs. J. W. Gartin have been in Louisville for several days. The telegram summoning Lotis Gartin stated that Lieut. Gartin was in a critical condition. A telegram received later, however,

### WAR CALLS FOR CHRISTIAN ARMY

**Speakers at Union Meeting Sunday Night Show Need of Union of Congregations Now**

### CHURCH CROWDED TO DOORS

**Challenge Offered to Churches Calling For Highest in Them and In Individuals**

"This war has offered a challenge to the American church of today. It has imposed great tasks upon us, calling for the maximum of service. The function of the church now is to bring the nation face to face with its sin. The crowning sin is the sin of indifference to Jesus Christ. Another function of the church is to see that the righteous cause for which we entered this war is maintained. At the outset of the conflict, we proclaimed that we were entering without hatred or vengeance for the German people. Let the church see that these ideals are maintained and that no hatred for these people spring into our hearts while we are waging war against autocracy and cruelty."

"We are holding the first of the district meetings in the eighth," said Will H. Wade of Indianapolis, vice-director of sales for Indiana, "because we knew from past experience that this district has the 'pep' and will put over its quota."

George H. Duncombe of Chicago, director of sales in Indiana, spoke briefly at the banquet, representing the seventh federal reserve district.

Mrs. Jessie Croan of Anderson, who managed the women's campaign in Madison county during the other campaigns, showed the results which were accomplished by the women's committees.

"The Liberty loan can't be put over successfully," said Mrs. Croan, "without the aid of the women. In fact, men can not do anything in this world without women except play games."

Mr. Wade held a conference with county chairmen after the banquet to work out details of the approaching campaign.

Mr. Wade outlined the plans which have been made for the campaign. He said he would not attempt to tell eighth district workers anything about organization because they had already proved themselves past masters in the art, but that he wanted to explain how the state organization would help.

Mr. Wade explained the arrangements for a more extensive publicity campaign than was attempted in the other two campaigns. He said state headquarters had two telephone trunk lines so that any publicity of peculiar interest to any community could be phoned there at once. The free telephone service will also be for the use of local publicity committees who have anything which will be of value to state headquarters.

Mr. Duncombe also denied any intention of telling eighth district workers how it is done. He said Mr. Wade had warned him that this district had the premier organization in the state and to attempt to give the organizers any ideas would be nothing short of folly.

Mr. Duncombe declared he had come to the meeting solely for the purpose of explaining the service which the federal reserve bank would be to the district. He said that the publicity work would be better organized this coming campaign because Wilbur Nesbit would be at the head of the work in the seventh federal reserve district.

Mr. Duncombe asserted that the one thing which would be the most difficult to combat was the idea which was growing in the minds of the people that the war would not last much longer and possibly would end this year. He said it would be the aim of the publicity committee to dislodge this idea if possible.

Earl H. Payne, chairman in this county, presided as toastmaster. Mayor A. B. Irvin, himself a banker, made a short address of welcome, expressing the belief that the war would not end soon.

Mrs. Elizabeth Clayton, wife of Commersville and Miss Mary Kunkel of Greenfield, under whose

### BOND WORKERS OF THE DISTRICT MEET

G. H. Duncombe, Sales Director For State, Says Reserve Bank Will be of Service

### BANQUET HELD HERE TODAY

W. H. Wade, Vice-director, Explains State Organization's Part—Fifty Workers Present

## SALVATION ARMY STARTS WAR FUND

Vigorous Campaign Opened Here to Raise County's Quota of \$500 For War Work in France

### ALREADY DONE NOBLE WORK

Statistics Show Accomplishments of Army Among Soldiers In Making a Home For Them

To raise Rush county's quota of \$500 for the Salvation Army war fund, a vigorous campaign has been started here by the Salvation army corps. The Salvation army all over the country has started the raising of this one million dollar fund to carry out plans for work with the American troops in France. This effort has already been highly commended by President Wilson and by Secretary of War Baker.

Captain Van Egmond will solicit the business district for subscriptions to the fund and later make a house-to-house canvass of the city. There will also be a subscription at the Peoples National bank, where contributions may be left.

The Salvation Army work in France has received the same recommendation as the Y. M. C. A. work and many of the Rush county boys have written in highest terms of the noble work this branch is doing. Their huts are established in places where the Y. M. C. A. cannot reach to make homes for the American boys. The work in no way conflicts with the work of the Y. M. General Pershing has given highest praise to the Salvationists and has recommended that they be given the same support at home as the other organizations.

The Salvation army has always borne the record of being able to make a dollar reach farther in relief and Christian work than any other organization and it is demonstrating its ability to do so in the work abroad. Rush county's quota in the drive is small compared to the work being accomplished and to the amounts asked in many other campaigns and many believe it should receive the hearty support of the citizens who have the welfare of American soldiers at heart.

The plans which require one million dollars to complete, includes the building of fifty additional hutsments to the American camps in France at a cost of \$500,000. The army has already built 153 of these depots in different camps of the allies and has put up 77 naval and military homes at a cost of \$400,000. The army has turned over 12 ambulances to the United States and its members are now running 35 ambulances in Russia and France. Though the Salvation service alone more than 50,000 casualties have been handled in the last year alone.

### Wise and Otherwise:

Never judge a man's good or bad qualities by what his neighbors say about him.

Once in a while there is a man so good natured that he is nice to his wife's relatives.

What goes up must come down—as many an airplane chauffeur is discovering.

A shrewd man may be both wise and honest, but the chances are that he is neither.

If common sense will not teach a young man etiquette a book on the subject is of little use.

### The Champion Wood Chopper.

A record in wood chopping is claimed by L. J. Haugen, fifty, who lives near Clinton, Ia. Up to the opening of the present lumbering season he chopped 6,207 cords. He is a Norwegian. During the summer he works for farmers about the county, but as soon as the first touches of winter are apparent, he shoulders his ax and starts for the timber lands. He figures his chopping career from the time he was twenty, since which he has averaged two cords a day during the chopping season.

### Something to Think About.

The flood waters which go to waste annually in the great central valley of the United States and often cause great destruction of property if impounded and employed in the development of electric power, would render the use of mineral coal unnecessary within the borders of the country. This statement has been made repeatedly by competent engineers.

## HOGS ARE ACTIVE BUT 25 CENTS LOWER

Quotations Decrease in Indianapolis With Receipts 2,500 Greater Than Saturday

### GRAIN MARKET IS EASIER

The hog market was active in Indianapolis today with receipts 14,600, but prices were 25 cents lower. Receipts were 2,500 greater than Saturday.

The grain market was easier and corn prices the same. Oats was off one-half cent to a cent.

## LAYING HENS NEED FRESH AIR

The first three months of the year are the months that demand efficient poultry house ventilation if the stock is to be healthy and if egg production is to be kept at maximum, according to the poultry authorities at the New York state college of agriculture.

Proof of insufficient ventilation usually is found in damp or frosted walls, damp litter, close or impure air, flock, with consequent low winter egg production. The body of the hen constantly gives off moisture, and this accumulates unless there is enough movement of the air to carry it away. Dampness fosters colds, and when a cold is contracted, the body is too weak to resist the attack of a contagious disease such as roup.

It is stated further that the house should at no time be tightly closed. The exercise of judgment, and a few trials, will show how much to leave the windows open at night. Windows should be removable so that they can be taken out during the day, if it is not storming. Experience indicates that the birds will not suffer from the cold if they are not in a draft, if they are kept working, and if they are not overfed.

Plenty of air, may best be had by tilting windows in at the top, as this will not let in the rain nor put drafts directly on the floor. There should be a wide board at each edge of the window to keep the rain out; a strip of wood, sash-plug, or nail on this strip will hold the window at any desired angle. Both upper and lower sash, where there are two, should be arranged in this way to get the best circulation.

### Origin of the Ukulele.

There are 20,000 Portuguese in the Hawaiian Islands, and it is charged that these people, and not the natives, are responsible for the ukulele. It has long been a matter of common knowledge that the instrument was introduced into the islands by a Portuguese, but that is not really the question of greatest moment. So long as the ukulele was confined to Hawaii it was almost as harmless as a banjo, the guitar, or the mandolin. Nobody then had a word to say against it. The point that needs to be cleared up is: Where lies the responsibility for introducing it, not into Hawaii, but into the United States?—Christian Science Monitor.

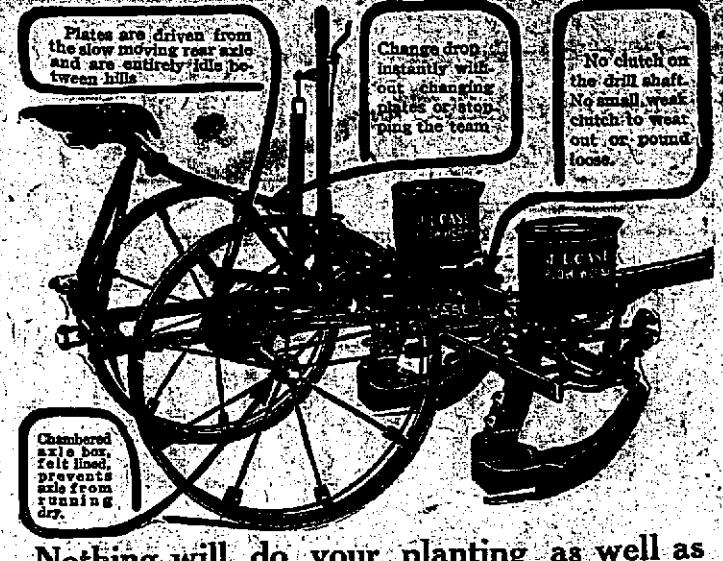

### Things Worth Knowing.

A new typewriter attachment feeds a fresh sheet of paper into the machine as the written one is removed.

About 23,000,000 knives and forks and 11,000,000 spoons have been supplied to the allies in France since the commencement of the war.

A new teat wagon has an electrical connection for keeping cattle's hair hot, as may be desired.

A new fire hose nozzle is capable of many adjustments by which the "efficiency" of the stream is greatly increased.

Nothing will do your planting as well as this Planter. See it demonstrated.

## Personal Points

Mrs. Will Havens was a visitor in Indianapolis today.

C. M. George is spending several days in Indianapolis on business.

George Campbell is making a business visit of several days in Lafayette.

Dr. and Mrs. Finlow of Arlington spent Sunday with friends in this city.

Capt. Cary Carson of Camp Taylor, Ky., was here to spend the weekend with friends.

Robert Vredenburg and Byron Cowing will attend the dance in Greensburg this evening.

Mrs. Mary Swope of Wichita, Kan., spent the day here with her brother, Phil Wilk and wife.

## Feels Fine In Mornings Now

"Tanlac is All Right," Says Indianapolis Man And Tells Why

"Tanlac is all right," said George Asche, 608 East Market street, Indianapolis. "I'll tell you why I think so."

"I used to feel so tired out when I woke up in the mornings that I hated to move. I had a soreness in my muscles, especially in my arms and shoulders.

"My stomach didn't act right, either. I couldn't eat anything greasy at all and my food often disagreed with me so much that it would rise in my throat after meals.

"I was told several times that I ought to try Tanlac and finally I did. It wasn't long until I could see that it was helping me. My stomach is back in good shape now and I can eat anything I want without a bit of trouble afterward. My arms and shoulders are a lot better, too. I wake up in the mornings now feeling rested, also, and, altogether, my improvement is such that I want to say that Tanlac is all right."

Get Tanlac today if you are not feeling right and get your system back in shape. You'll get rid of that half-sick feeling in just a little while and feel lots better. You can get Tanlac at F. E. WOLCOTT'S Drug Store.—(Adv.)

I am wholesaling beef and if you have any butcher stuff to sell, call on me. Highest price paid for same.

Mr. and Mrs. James Owens have returned from a week's visit in Indianapolis where they were the guests of Mr. and Mrs. Miller E. Randell.

Mrs. Thomas Maley has returned from a visit in Anderson and will spend a few days with relatives in Mays before returning to her home in Chicago.

Miss Carla Doran has returned to Muncie where she is attending school after spending a week in this city the guest of her mother, Mrs. Bruce Johnson.

W. D. Root of Piqua, O., spent Sunday in this city, the guest of Mr. and Mrs. L. B. Miller of North Perkins street. Mrs. Root has been visiting here for several days.

Steven Kelly and J. W. Arnbuckle will go to Indianapolis tomorrow to attend the meeting of the National Brickmakers association which will be held at the Claypool hotel during the remainder of the week.

Mrs. L. G. Craik of Moorhead, Kas., and Mrs. Margaret Mulligan of Ft. Wayne, who have been the guests of Mr. and Mrs. B. A. Black and family, left Saturday evening for a visit in Indianapolis before returning to their homes.

Simeon Stewart of Purdue university at Lafayette spent the week-end with his parents, Mr. and Mrs. A. L. Stewart of this city. He returned to Lafayette today and will take the examination for entrance into the aero squadron.

**A Lovely Life.**  
Why do so many actresses prefer the movies to the speaking stage? It's the money, I s'pose."

"Not altogether. You know how an actress loves to be photographed."

"Yes."

"In the movies it's one continuous round of being photographed."

## FRENCH MAKING A TRENCH RAID IN THE SNOW

Copyright Underwood &amp; Underwood

The snowfall in France has been unusually heavy and the soldiers in the trenches are experiencing, besides the rigors of the weather, which in many cases are harder to bear. As this photo shows, the Poilus are not letting up on the Boches, despite the snow and the cold. They are making a raid on the enemy trenches over the snow-covered fields in the Oise district. The men in the foreground are evidently trench cleaners.

### Save Natural Ice For Use in Summer—Saves Ammonia as Well as Conserving Coal

(Prepared by the United States Department of Agriculture)

All who can possibly do so are urged by the United States department of agriculture to harvest a supply of natural ice this winter and store it for summer use. This is of vital importance at this time; for every ton gathered will help in the war-time conservation of ammonia which is necessary in the manufacture of ice.

Ammonia salts are regarded as an essential in the manufacture of certain fertilizers and the cost of fertilizers is dependent to some extent on the market value of ammonia. Of extreme significance at this time, however, is the fact that the most important chemicals used in making ammonium nitrate and other explosives are readily made from ammonia and every quart of America's already small supply of this substance that can be saved means more power to America's armies.

Thus the farmer is interested in the conservation of ammonia not only from a national standpoint, but because of his personal interests. Ammonia saved through harvesting of natural ice means more ammonia for fertilizers and more ammonia for ammunition. The man who harvests ice now and stores it in pits or ice houses, next summer may have the satisfaction of helping out his neighbor who depended on an ice plant.

In addition to the saving of ammonia, conservation of coal is to be effected through the harvesting of natural ice. American ice factories and refrigerating plants, according to figures of the United States fuel administration, use annually 15,000,000 tons of coal.

## BUST OF ELIHU ROOT

This bust statue of Elihu Root, considered a remarkable likeness of the former senator from New York, has been presented to the Pan-American Union by a group of friends, headed by Charles H. Sherrill of New York. It is the work of C. S. Pieper.

## That Tough Feeling.

What makes you feel so tough? Well, there is no way of telling, nowadays. A dentist will say it's your teeth; a stomach specialist will say it's your digestion; a Christian Scientist will lay it to a defective mental attitude; an optometrist will find a cure in double lenses, and a nerve specialist will invalidate you for three months. Do you smoke? Kansas City Star.

## IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—  
Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush of the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful emollient elixir; takes away the pain.

I am wholesaling beef and if you have any butcher stuff to sell, call on me. Highest price paid for same.

### Publicity in Camps

The senate military affairs committee investigation of the war department if it has done nothing else, has opened the eyes of some officials at Washington. It has brought them to realize that the folks back home, who are supplying the men and the money to conduct the war, are entitled to more consideration than they received.

When national guardsmen and selected men were mobilized, the small county seat newspapers were unable to get any news from the camps in which their subscribers were interested except when they could find a home town soldier who would send stories occasionally, either free gratis or for regular space rates.

A few newspapers had soldier correspondents, among them the Daily Republican, but an order from the war department threatened with dire punishment any man in uniform who dared write a story for his home town paper. This method of getting news was thereby cut off. But the following statement from the committee on public information, shows the change of heart:

"It is the plan of the committee to start as soon as possible a country-wide system of publicity at the national army and national guard camps with a special view of reaching the small newspapers which are financially unable to have special correspondents. The work, therefore, will have to be done by unpaid correspondents in uniform and the secretary of war has recently issued an order which makes the establishment of this system possible."

Also the States Council of Defense has sent a bulletin to the County Council of Defense suggesting that the chairman get into communication with every group of men from this county now in the service, either in training camps or in France and if possible have each group select some man to act as correspondent for his home paper.

The state Council bulletin points out that this regular correspondent can inform himself as to the kind of information forbidden by the censor and by getting into frequent communication with the home paper can supply to the community the sort of interesting and reassuring news demanded by friends and relatives. This suggestion is made to the county councils because many editors of the county papers report that they have difficulty in getting the right kind of news letters from the front and just now these news letters are most important. It seems a practical plan, wherever a group of men from the same neighborhood are together in a camp, to select and appoint a correspondent, preferably one who has the knack of writing and can be depended upon to get information from the boys and send it home.

The Indianapolis Star says, "When we get to heaven we shall understand the Russian situation and probably not until then." We don't believe any of that Russian mix-up originated up there.

There will be Twenty Acres of Corn sold in field on farm adjoining this farm on the south.

TERMS OF SALE—All sums under \$25.00 cash. All sums of \$25.00 and over a credit until September 1, 1918, without interest will be given, purchaser to execute bankable note. 4 cents of the dollar for cash.

## TO MAKE REPORT TONIGHT DETECTIVES ELECT OFFICERS FOR YEAR

Result of Religious Canvass Last Week Will be Compiled

Report of Secretary-Treasurer,

Frank Sample Shows Balance of

\$148.48 in Treasury

### FORTY IN GOOD STANDING

The annual meeting of the Rush county chapter of the National Horse Thief Detective association was held in the auditor's office at the court house on Saturday afternoon.

All of the officers were re-elected for the coming year with Will McMillin, president; J. T. Hayes, vice-president; Frank Sample, secretary; Jess Peters, treasurer. Three new captains were added to the list. They were Ollie Offutt, Ray Gartin, W. B. Whitton, in addition to the former ones, J. L. Hayes, C. O. Patterson, W. A. Alexander, Jesse Peters.

The report which was made by the secretary, Frank Sample, showed that the past year had been a very successful one for the organization. The records showed a balance in the treasury of \$148.48. There are forty members in good standing and three deaths have occurred in the association since its organization in February, 1913.

Many counties in the state have chapters of the association and through their co-operation a number of affairs are adjusted for the farmers of the county. Not only the

stealing of stock but all kinds of embezzlers come under the jurisdiction of the organization which has co-operated in treating law breakers.

Indianaapolis, Ind., Feb. 11.—The Indianapolis Motor Speedway has been turned into a base for Uncle Sam's aviators. Work on the plant which will repair airplanes damaged east of the Mississippi river and north of the Ohio was practically completed. The aviation plant covers twenty acres formerly connected with the speedway. It was rushed to completion by the contractors to take care of machines damaged at training stations. Work was not started until late in November and today it was announced the structure was practically ready for occupancy.

### MASONIC STATED MEETING

The regular stated meeting of Phoenix Lodge No. 62, F. & A. M. will be held Tuesday evening at 7:30 o'clock and the third of the series of lectures will be given. Judge Will M. Sparks will speak on the subject "Washington—President and Mason." Visiting Masons are welcome.

I am wholesaling beef and if you have any butcher staff to sell, call on me. Highest price paid for same. H. A. Kramer.

**A FIGHT FOR LIFE**

It has been fight or die for many of us in the past and the lucky people are those who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "An-uric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. The delay may make possible the dangerous forms of kidney disease such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Doctor Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of Anuric.

**BUTLER, Ind.**—"I was troubled with weak kidneys. I bought one package of Dr. Pierce's Anuric Tablets and gladly recommend them, as they have completely cured me."—Mrs. MARY L. ELLIS, Ash St.

**ELKHART, IND.**—"As a kidney medicine I find Anuric to be the finest I have ever known. I am 84 years old and for years have suffered with backache, and my bladder caused me to have many a restless night. I have also suffered with rheumatism in my limbs. I have taken other kidney remedies but must say that Anuric is the best one of them all. My back has ceased to ache, the rheumatism has disappeared, and I am able to rest at night."—Mrs. INDIANA HUNT, 727 W. Franklin St.

Ask the druggist for Anuric (60c), or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial package.

Indiana Grocers put their stamp of approval on the

**WANT ADS BRING RESULTS****GREATEST SHIPYARD IN THE WORLD RISES FROM THE MARSHLAND**

The greatest shipyard in the world is in the course of construction at Hog Island, near Philadelphia, a 1,000-acre tract of marsh and brush. The great yard, which is under the supervision of the United States shipping board, will soon be turning out three completed ships a week for Uncle Sam's emergency fleet. Fifty shipways are in the course of construction. They will cover a mile of the Delaware river front. Barracks have been built to house the 30,000 men who will be employed when the plant is in full operation. There are also mess halls, Y. M. C. A. huts, a theater and a post office.

The women of the vicinity are urged to attend the meeting whether they are Red Cross members or not.

\* \* \*

The regular meeting of the Young Ladies Mission Circle of the Christian church will be held this evening at the home of Mrs. Charles Boys at

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimplies—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

**Anna Boles**  
Passes Her  
97th Birthday

Anderson Township Woman, Probably Oldest Person in Rush County, Who Celebrates Birthday Today, Came to Rushville Ninety Years Ago When There Was Not a Frame House in Rushville.

Mrs. Anna Boles, of Anderson township probably the oldest person in Rush county, celebrated her ninety-seventh birthday today at her home today by receiving her friends informally during the day.

Mrs. Boles came to this county with her father, Capt. John Boyd from New York 90 years ago, and at that time there was not a frame house in Rushville. In 1830 she married Robert Boles of Anderson township and since that time had made her home near Milroy.

Mrs. Boles comes from a family noted for their longevity and is at present in excellent health aside from the fact that she has not been able to walk much since she received an injury when she fell a year ago. Her father lived to be a hundred and one years old and her sister, Mrs. Elina Parsons, who died two years ago was almost ninety years old.

The old lady is an ardent Red Cross worker and spends much of her time doing Red Cross knitting which is the envy of most of the younger women of the community.

We will inspect your battery free of charge; we will repair it at a reasonable cost; if you need a new battery, we will sell you the best—an "Exide".

"There's an 'Exide' Battery for every car."

### Don't Forget The Sailors When Knitting

Recruiting Officer While Here Tells Which of the Knitted Articles The Soldiers and Sailors Like Best and Need Most—"It Is Fine to Knit for the Soldiers But Please Don't Forget the Sailors."

"Knit for the sailors, too," is the suggestion of M. B. Goldfarb, chief Gunner's Mate of the United States Navy, who was recently here as a recruiting officer. "It is mighty cold out on the water and will be still colder when the boys reach that North Sea."

In answer to the question what do they need most, he said "Everything. They like the helmets, in fact they almost have to have them. The wristlets are mighty good too. Some of them are supplied with sweaters but I don't know whether there are enough to go around or not. These kneelets are new things to me and I have never been with the boys since they started wearing them but I know they are fine."

Kneelets, are the latest invention in the knitting line. They are about twelve inches long, with several inches of ribbing above and below the knee and ribbing that goes around the leg at the knee so it will fit in under the trousers. Sailors say they are a great protection and reach from the short overcoats to the leggings.

In answer to the question, "But who shall the girls knit for?" They all know soldiers but many of them do not know sailors," Gunner Goldfarb said "I'll make out a list of a hundred or more and put myself down the first one. I am expected to be called any day and could stand flatfooted in the bottom of my trunk now for all of the knitted things that I have put in it. I don't know what the boys would do to me for publishing a list of names, for the last time I did that, the first boy on the list married the girl who sent him a sweater, so you can't tell what you are getting into. Sure, it is fine to knit for the soldiers, but don't forget the sailors."

Presbyterian church will hold a business meeting and valentine party at the home of Misses Ethel and Irene Ellingwood tomorrow evening. All the members of the society are urged to attend.

Mr. and Mrs. Fred Bell entertained at their home near Raleigh yesterday with an informal dinner party at which the guests included Mr. and Mrs. Fred Lightfoot and children, Miss Gladys Barr and Miss Hazel Johns.

\* \* \*

At the regular meeting of the Ladies Aid society of the St. Paul's M. E. church to be held tomorrow afternoon at the home of Mrs. Will Smith in North Main street Lincoln Day will be observed with a special program.

\* \* \*

The regular semi-monthly meeting of the Pastors Aid society of the Main Street Christian church will be held tomorrow afternoon in the parlors of the church. The officers of the society desire a good attendance.

Mr. and Mrs. Guy Wiley entertained Sunday with a prettily appointed dinner party in honor of Mr. and Mrs. Rex Wiley who were married during the past week. Guests were laid for twelve guests.

\* \* \*

Miss Norma Nordmeyer of Milroy entertained at her home with a week-end house party in honor of her guests, Mrs. Edith McClung of Indianapolis and Miss Bessie Innis of Franklin college.

\* \* \*

Miss Frances Frazee will attend the meeting of the Woman's Press Club of Indiana in Indianapolis tomorrow. After the Lincoln luncheon, the annual election of officers will be held.

\* \* \*

The Modern Woodmen will meet tomorrow night instead of the regular meeting night. Every member is urged to attend.

\* \* \*

The Tampan tribe No. 102 J. O. R. M. will meet Tuesday evening.

\* \* \*

Dr. Carl Behar is suffering with an attack of influenza.

### BOND WORKERS OF THE DISTRICT MEET

Continued from Page 1  
regarding the part which women will take in the coming campaign.

A representative of each bank in Rushville and a representative of all the counties in the district represented at the meeting spoke briefly, pledging their support to the Third Liberty loan.

Bankers and workers present included George Mallin of Brookville; Tom Bryson and Mr. Thiebaud of Connersville; Dan Perry, Bert Boyd, W. W. Bonner and Ed Hancock of Greensburg; John Hillenbrand and August Hickman of Batesville; Perry Innis, Midway; John McKe, New Salem; Elmer Hutchinson and J. F. Downey, Arkenton; Alva Babb, Fairmont; Guy McBride and Bert Benner of Mayes.

### WILL PLAY TECHNICAL H. S.

Rushville Five Will Meet Indianapolis Team Here Tuesday

The local high school basketball squad will clash with the members of the Technical high school team in the local gym tomorrow evening. Following their brilliant success of Friday evening when they defeated Richmond, the local boys are in excellent condition for the conflict which promises to be a fast game.

Russell Ball, stationed at Kelly Field at San Antonio, Tex., who has

been quite ill with pneumonia is improving. He is a nephew of Mrs. Sarah E. Ball of this city.

The mid-week prayer meeting of the First Presbyterian church will be held Thursday evening at 7:30 at the home of Mr. and Mrs. William F. Wallace in North Perkins street.

## NO PRO-GERMAN BOOKS ARE FOUND

State Council of Defense Starts Move to Rid Libraries of Insidious Propaganda

## NONE IN LOCAL LIBRARY

Following Suggestion of Library Council Even More Patriotic Volumes Will be Obtained

The Rushville library will have no pro-German books and it will have more patriotic literature. A list of pro-German books has been posted in the library which was received by Chairman of the County Council of Defense, T. M. Green

which should be removed from public libraries. The local library does not or has not had any of the books

on the list.

The War Library Council has also sent a list of patriotic books suggesting that they be purchased. The library already has in circulation many of the best and most popular war books but will add to its shelves several of those suggested by the Library Council.

The pro-German books which have been found in many of the libraries of the state, although none were in the local one, have been slated as objectionable literature because some of them have been published with the purpose of misleading the American reading public. The State Council requests that a search be made in all of the libraries for the publications, and that, if found, they be removed.

The list of objectionable books and pamphlets follows:

"The Book of Truth and Facts," by Fritz Von Frantius.

"England or Germany," by Frank Harris.

"Neutrality," by S. Ivo Stevens.

"The War in America," by Hugo Munsterburg.

"The Issue," by J. W. Headland.

"The History of Twelve Days," by J. W. Headland.

"The German Spirit," by King Tranek.

Pamphlets

"Militants and the Emperor," issued by the Germanic Society of Chicago.

"By Their Works Ye Shall Know Them," from the same source.

"The Destruction of Louvain," by Edward Emerson.

"Morocco and Armageddon."

"Nationalism in Europe," by Dr. Franz Boas.

"The Following—A United Nation" a speech by Charles Nagle.

"Justice in War Times," by W. W. Hyde.

"The Northern Review," always contains the usual misinformation.

"Germans as Exponents of Culture," by Fritz Von Frantius.

"A Slanderer," by Dr. Theodore Schiemann.

Additional trains arrive from the West at 8:35 P. M.

Express for delivery at station handled on all trains.

### SHOWS NEED OF AN EDUCATION

Conference of Indiana Educational Forces Reveals This, Supt. J. H. Scholl Says

#### LOCAL HIGH SCHOOL PRAISED

Ranks Among First in State For Its Size Because of Marvelous Red Triangle Work

As the result of the war conference of Indiana's educational forces which closed in Indianapolis Saturday evening, Prof. J. H. Scholl and other local school authorities who attended the sessions are urging the students in the local high school to continue their studies in preparation for the demand which will be made on them after the war when men and women with good educations will be in demand to carry on the business affairs of the nation.

The local Y. M. C. A. Triangle boys were praised highly at the meeting for the ready co-operation with which they met the nations request for war fund pledges. The Rushville high school ranks among the first in the state, in considera-

**Mothers Thank Us**  
Keep your growing girls free from colds and weakening coughs and you are helping them to healthy vigorous womanhood. Thousands of mothers have written letters of thanks, telling what

**Foley's Honey and Tar**  
has done for their daughters in ridding them of coughs that "hung on" and weakened them just at the age when the young girls required all the physical strength they could command.

Foley's Honey and Tar is noted for its quick effect on coughs, colds and croup. Mrs. Ada Sanders, Cottontown, Tenn., writes: "We use Foley's Honey and Tar as our best and only cough remedy. It never fails to cure our two girls when they have colds."

F. B. Johnson.

#### AERIAL VIEW OF DESTROYED GERMAN COMMUNICATION TRENCHES

tion of its size, with membership in the triangle work and the amount of pledge money already received.

Dr. Charles Prosser, head of the federal board of state education, was the main speaker on Saturday's program and stated that Purdue had joined the ranks of several other universities in the country in opening its doors to the drafted men who are to take up special work in various industrial branches. A class of 1,340 men will enter the university the first of March to take up special work.

The school authorities were urged to keep the students interested in the Boys Working Reserve and to organize an employment bureau from where the high school students

may secure employment during the summer months. The boys are especially urged to work on farms and to assist in every manner to increase the size of every crop.

#### TUBERCULOSIS OF THE SPINE FATAL TO BOY

Herman Kessler, Six-Year-Old Son of Herman Kessler of Manilla, Dies Sunday

#### FATHER AND BROTHER LEFT

Herman Kessler, the six-year-old son of John Kessler of Manilla, died yesterday at the home of his father in Manilla after a short illness from tuberculosis of the spine. He had been in a critical condition for several days before his death. The little boy would have been six years old within five days from the time of his death. He was a nephew of Clara Bebout of this city, his mother, Mrs. John Kessler who died about a year ago, being Mr. Bebout's sister. His father and brother, Harry, old, survive.

The funeral services will be conducted at the residence in Manilla on Wednesday morning at 10 o'clock by the Rev. J. M. Westhafer of Arlington. Burial will be conducted at the East Hill cemetery in this city.

#### 378 AT SAMMY SERVICE

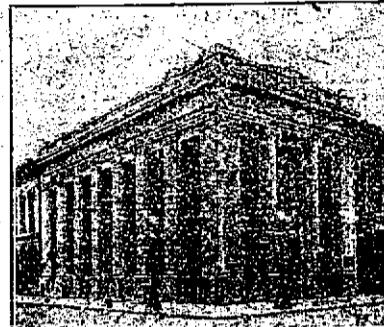

Three hundred and seventy eight attended the Sammy service of the Epworth League at the Methodist church last evening when an honor roll bearing the names of 24 boys was presented by Judge Will M. Sparks in an inspiring patriotic address from the League to the church. E. B. Thomas accepted the roll for the church and made a deeply touching talk.

#### ODD FELLOWS NOTICE

Franklin Lodge will have the second degree Wednesday evening when visitors from Arlington and Connersville will be present. Music will be furnished by the orchestra. Every member is urged to be in attendance.

## A Purposeful Formula

Senreco's formula is not "just a little of this and a little of that."

It was devised with a definite object in view.

The object was to produce a tooth paste possessing medicinal as well as cleansing properties—a real cleanser that could be depended upon to remove tartar and keep mouth and gums healthy.

The ideal defined, our laboratories set about to determine the proper combination to produce it. Senreco is the result. It has been tried, tested and pronounced good by hundreds of the profession. Try a tube. A single tube will prove every claim. Will show why thousands today use and demand Senreco—and are satisfied with nothing less. All druggists and toilet counters. Large 2 oz. tube—25c.

SENRECO—Cincinnati
